

## Data Sheet and Mixing Instructions

### Product Description

Thinducer is a hybrid solvent developed exclusively to support and compliment Cayenne, Talon & UNO products. Thinducer's solvents have been blended to give the best results with regards to brushability and rolling properties.

### Intended Uses

- As a thinner when coating is to be applied in a low film thickness (for instance as a "sealer coat") or if the coating has become too thick, e.g. in cold weather.
- As a reducer when application is to take place at high temperatures, reducing may be necessary in order to avoid poor film formation.

### Product Features

- Improves brushability
- Improves rolling properties
- Excellent for cleaning tools

### General Application Steps

Follow mixing instructions outlined on technical data sheets. However, as a general rule, the addition of solvent should be kept to a minimum as the quality of the coating work will suffer.

### Handling and Safety Precautions

Read all Health Hazard, Precautionary, and First Aid information, technical information, product statements found in the Material Safety Data Sheet.
